Ahmedabad, Gujarat • +91 87990 57718

About Health & Happiness

Health & Happiness Home Care is focused on making quality healthcare more accessible by bringing dependable support into the patient's home. We combine compassionate care with practical healthcare solutions so families can feel more confident during recovery, elder care and long-term support.

Our Mission To provide compassionate, reliable and professional support tailored to each patient's needs.	Our Approach Patient-first care, respectful communication and dependable coordination with families.
Our Promise To make healthcare at home feel safe, comfortable and dignified.	Our Focus Home healthcare services and medical equipment solutions for everyday and recovery needs.

Why Families Choose Home Care

01	Comfort of Home Support in a familiar environment can make daily routines easier.
02	Personalized Support Care can be planned around the patient's condition and routine.
03	Family Confidence Professional assistance helps families manage care responsibilities.
04	Practical Solutions Medical equipment rental or purchase can help arrange the right support.

Need home healthcare support?
Tell us about the patient's needs and we will help you understand the available options.

CONTACT US

Medical Equipment — Buy or Rent

We help families arrange medical equipment for home recovery, elder care and patient support. Availability depends on the equipment and current stock.

HOSPITAL BEDS Manual/electric bed options as available.	OXYGEN CONCENTRATORS Home oxygen-support equipment as prescribed.
WHEELCHAIRS Mobility support for short- or long-term use.	WALKERS & MOBILITY AIDS Support for safer movement at home.
PATIENT CARE EQUIPMENT Selected equipment for home-care needs.	OTHER MEDICAL EQUIPMENT Ask us about available rental or purchase options.

Rent or Buy — Which Is Better?

Rent	Buy
Useful when equipment is needed temporarily, such as during short recovery periods.	Useful when equipment may be needed regularly or for a longer period.
Can reduce upfront spending for short-term needs.	Can be convenient when equipment will be used repeatedly.

Important: Medical equipment should be selected according to the patient's requirements and, where applicable, the advice of a qualified healthcare professional.

How Our Service Works

1	Tell Us What You Need Share the patient's basic requirements, care duration and preferred location.
2	Discuss the Options We help you understand suitable home-care services or equipment options.
3	Plan the Care We coordinate the service details, schedule and practical requirements.
4	Care at Home Our team provides the agreed support with a focus on comfort, dignity and reliability.
5	Ongoing Coordination For continuing needs, we stay connected with the family to coordinate support.

Our Care Principles

Compassion	Treat every patient with empathy and respect.
Professionalism	Maintain dependable, responsible service standards.
Dignity	Respect privacy, comfort and individual preferences.
Communication	Keep families informed and coordinated.

Why Health & Happiness Home Care?

EXPERIENCED & TRAINED PROFESSIONALS We aim to connect families with trained and suitable care professionals.	COMPASSIONATE & PERSONALIZED CARE Every patient has different needs, routines and preferences.
RELIABLE COORDINATION We coordinate service requirements and communicate clearly with families.	HOME-CENTERED SUPPORT Our services are designed to help patients receive support at home.
FLEXIBLE EQUIPMENT SOLUTIONS Selected medical equipment may be available for rental or purchase.	FAMILY-FRIENDLY COMMUNICATION We keep the process straightforward so families can make informed decisions.

A Note to Families

Choosing home healthcare is an important decision. We encourage families to share complete and accurate information about the patient's needs so the most appropriate support can be discussed. For medical decisions, diagnosis and treatment, always follow the advice of a qualified healthcare professional.

Frequently Asked Questions

Do you provide care at home?
Yes. Our home-care services are designed to support patients and families at their residence, subject to service availability and location.

Can I rent medical equipment?
Yes, selected medical equipment may be available for rent. Availability, rental period and terms depend on the equipment.

Can I purchase equipment?
Yes, selected equipment may also be available for purchase.

Do you provide elder care?
Yes. Elder-care support can include daily assistance and companionship, depending on the service required.

Can I request post-surgery support?
Yes. We can discuss suitable home-care support for recovery after surgery or hospitalization.

How do I enquire?
Contact us by phone or WhatsApp and share the patient's basic requirements. We will help you understand the next steps.

Let's Bring Better Care Home.

Whether you need home healthcare support for a loved one or are looking for medical equipment to rent or purchase, we're here to help you discuss the right options.
